

D-STRESS

AN ESCAPE FROM LOOSE SHELL SYNDROME

Aquatic Feed Supplement

New Generation Mix of Antioxidants

D-STRESS is a right mix of antioxidants, amino acids, vitamins, minerals, organic acids which enhance the digestive system of a shrimp leading to a healthy condition throughout the culture period. This product was developed through extensive research keeping in view of the occurrence of the LOOSE SHELL condition in the farmed animals.

D-STRESS is involved in number of biological reactions in the animals system, including the production of energy, catabolism of fatty acids, amino acids and synthesis of the phospholipids.

BENEFITS

- ✦ Better Meat yield (shell muscle ratio).
- ✦ Dietary addition potentially improves adaptation to stress condition.
- ✦ Improves osmoregulatory ability.
- ✦ Lowers FCR.
- ✦ Improves digestibility of feed and growth rate.
- ✦ Reduce mortality rate and gut infection incidence.

CONTENTS

Various antioxidants sourced from vitamins including beta-Alanine and dihydroxy acid, aminoacids, minerals, organic acids etc.

DOSAGE

2-5 grams per kg feed or as suggested by aquaculture consultant.

APPLICATION

Use water and mix subsequently with any binder to reduce leaching effect. Shade dry for 30 minutes before use.

STORAGE

D-STRESS must be stored in cool, dry place away from direct sunlight. Do not store continuously above 40°C.

PACKING

Available in 500 gm and 1kg plastic container.

Registered with Coastal Aquaculture Authority as antibiotic free product **Reg.No: CAA/M16/FA/00354**

FREE FROM ANTIBIOTICS
FOR AQUACULTURE USE ONLY / NOT FOR HUMAN USE / NOT FOR MEDICINAL USE
